

Experiential Learning „Kelionė per pasaulio šalių dienas“

Austėja Brikytė 8c

Topics we covered:

Safer internet day

Earth day

World food safety day

Europe day

Introduction

I was presented: safer internet day, earth day, world food safety day, Europe day. In each topic we learned about it, did practical work. We had to watch short video clips, play games, ...

I developed listening and technical skills, because we had to do a lot of work on our computers. I also improved my teamwork skills, since we had to do a lot of tasks in groups.

01

Safer internet day

This was the first topic we covered.

This lesson we had to do some practical work such as write slang internet words into class notebook.

We also were divided into pairs. I ended up with a 5th former. In pairs we had to find solutions to presented problems. Then we had to do "safe internet" posters.

Since I'm quite educated on the topic I haven't learned anything new. However I am glad, that I went over the rules again. I remember to: not download unknown files from the internet, do not befriend suspicious people from the internet, and to not share too much personal

This lesson I was presented the topic: Earth day. During this lesson we had to do many tasks. We had to do a crossword, we had to send a photo of the environment surrounding us and describe it. We also had to write a short poem about the Earth. And the final task was to translate the proverbs, which were presented to us through powerpoint. One of the proverbs we had to illustrate.

This lesson I learned that the Earth day is celebrated on 22nd of April. Learned a couple of new words as well, like: greenhouse, ozone layer, ... The topic was also presented with slides.

KLAIPĖDOS „VERDENĖS PROGIMNAZIJA“

2021-03-17 Vardas Pavardė

| | | |
|----|--|--|
| 1. | Prisimink ir trumpai aprašyk šiandieninę veiklą. Ką veikiu? | Šiandien kalbėjome apie Žemės dieną. Turėjau išversti skaidres, parašyti poemą,... |
| 2. | Ką naujo patyriau? Atradau? | Išmokau kelis naujus žodžius. |
| 3. | Labiausiai patiko? | Žiūrėti vaizdo medžiagą. |
| 4. | Sunkumai, su kuriais susidūriau? | Patarlių vertimas. |
| 5. | Ko tikiuosi kitą kartą? | <u>Visiškai nieko nesitikiu</u> , nes <u>noriu išbandyti</u> viską. |

03

World food safety day

This day we had the topic: World food safety day. We had to present our favourite meals. We had to make an illustration through a presented website. Then we had to describe the meal using questions (which were presented to us as well). Then we did a group photo of us handing different foods in our hand. Information and the topic was presented to us with an animated video, where we had to fill in the gaps. We did reflection on quizizz. Haven't learned anything new about the topic, but I loved and enjoyed the practical work.

Brownie

My favourite dish is a desert - brownie. For this desert the ingredients are: 2 eggs + water, powdered sugar, unsweetened cocoa powder, oil vanilla extract. The most important part is to wash the eggs, hands and clean the surface your working on.

First, mix together the dry and wet ingredients in two separate bowls. Combine the sugar, flour, powdered sugar, cocoa powder, chocolate chips, and salt in a medium bowl. Then, whisk together the eggs, olive oil, and water in a large one. Next, combine the wet and dry ingredients. Sprinkle the dry mixture over the wet one, and fold until just combined. The batter will be thick. Then you spread the batter onto a baking pan and bake. Depends on the temperature, but 180C would be around 25- 40min.

For brownies it's better to pull them out too early than too late. Because the texture then will be too dry. And before eating them you have to wait for them to cool down, because they can get messy. The main product which can be with germs are eggs, but they will be germless, since they were cooked. You can serve the dish with powdered sugar sprinkled on top. Theres nothing really healthy about this dish, since it's all chocolate and sugar. But it is fast and easy to make.

04

Europe day

And the last topic we covered was: Europe day. During this topic we had to do comics. Also we were divided into 2 groups to answer some questions about Europe and European Union. My group won. I really liked comics making. I found it new and interesting. We also did reflection with quizizz on this topic. I learned a lot about this topic. Main things I learned are: the institutions, the motto and the European anthem.

Final Conclusion of my Experiential Learning

I really enjoyed the presented topics. Learned a lot of new words and remembered some things I already knew in the past. My favourite topic and lesson was: World food safety day. Though I really liked European day as well. I enjoyed the practical work, my favourite one was the comics. I also liked the presentation of “my favourite meal”.
